

Project RENUKA
Seva with Shakti

PROFILE

PROJECT RENUKA

Transforming lives through compassion, education, and sustainable practices.

www.projectrenuka.org

WHO WE ARE

Project Renuka is a social, spiritual, and environmental mission. Established as Maa Renuka Gaurakshan Sansthan, the initiative is dedicated to Women Empowerment, Child Development, Animal Welfare, Cow Protection and Nature Conservation. It combines traditional values with modern sustainability practices, serving as a bridge between culture and community development.

Legal & Compliance Status

CSR Approved NGO:

Registered with the Ministry of Corporate Affairs for undertaking CSR activities.

CSR Registration Number: **CSR00067029**

12A Registration:

Provisionally registered under Section 12A of the Income Tax Act, 1961, making its charitable activities tax-exempt.

80G Registration:

Approved under Section 80G, enabling donors to claim tax deductions on contributions

OUR MISSION AND VISION

We strive to create a world where women are empowered, children receive quality education, animals live with dignity, cows are protected, and nature is preserved for future generations. Guided by social, spiritual, and environmental values, we focus on five core areas:

- Women Empowerment
- Child Development
- Animal Welfare
- Cow Protection
- Nature Conservation

OUR KEY INITIATIVES

We support women through skill training, self-help groups, and awareness programs, enabling them to achieve financial independence and dignity in society.

We bring quality education, books, and resources to underprivileged children. Our programs focus on building confidence, life skills, and a brighter future for every child.

Through tree plantation drives, clean environment campaigns, and awareness programs, we encourage sustainable living and care for Mother Earth.

Our mission is rooted in kindness and compassion. We work to create communities that respect diversity, promote peace, and care for the vulnerable.

From providing food and medical care to sheltering abandoned cows and animals, we work to ensure their safety and well-being with compassion.

By collaborating with NGOs, corporates, and volunteers, we strengthen our efforts and create a larger collective impact for social and environmental good.
